**RM CONSTRUCTIONS**

## WHO WE ARE

Founded in 2020, RM Constructions is a multi-disciplinary construction firm delivering excellence across residential, commercial, institutional, industrial and government sectors.

Driven by a commitment to quality and human comfort, every project reflects our unwavering dedication to superior standards. We serve both private and public sector clients across Tamil Nadu and Andhra Pradesh.

As a trusted construction partner, RM Constructions continues to set the benchmark for quality, innovation and on-time delivery.

# WHAT WE DO

## Civil Construction

Residential villas, apartment complexes, commercial buildings and G+1 to multi-storey structures.

## Interior Works

Flooring & wall finishes, false ceilings, HVAC & MEP integration, furniture & décor fit-outs.

## Infrastructure

Rigid pavement, elevated corridors, site preparation, earthwork, drainage & sub-grade works.

## Industrial & Institutional

Factory & warehouse shells, office build-outs, government project execution and Tier-1 sub-contracting.

# LAND FOR CONSTRUCTION PROJECTS

## Residential Buildings

Villas, bungalows, apartment complexes, G+1 to multi-storey, condominiums and gated community housing.

## Industrial Properties

Warehouses, manufacturing sheds, factory shells, distribution centres and flex industrial spaces.

## Infrastructure Works

Elevated corridors, rigid pavements, site preparation, drainage systems and sub-grade construction.

## Commercial Properties

Office buildings, corporate parks, retail spaces, shopping centres and standalone commercial outlets.

## Institutional Facilities

Government offices, educational buildings, healthcare facilities and institutional project execution.

## Mixed-Use Developments

Integrated projects combining residential, commercial and institutional construction under one roof.

## OUR VISION

# To enhance the quality of living for every occupant of every building built by RM Constructions.

We believe that human comfort — anchored in superior standards and optimal indoor thermal quality — can be fully achieved only through the highest calibre of construction.

### Quality First

No compromise on materials or methods

### Human Comfort

Thermal & spatial standards

### Lasting Value

Built to stand the test of time

MEET OUR

# FOUNDING PARTNERS

*"Two disciplines. One vision."*

RM Constructions was built on the complementary expertise of a Civil Engineer and an Architect — merging structural rigour with design intelligence to deliver buildings that are both robust and beautiful. Together since 2020 — growing stronger with every project.
